

Remarks

Claims 26-42 remain in the application for consideration of the Examiner with claims 1-25 standing canceled.

Reconsideration and withdrawal of the outstanding rejections are respectfully requested in light of the above amendments and following remarks.

Claims 13-25 were rejected under 35 USC section 112 second paragraph.

By the instant amendment, claims 13-25 have been canceled, and claims 26-42 have been submitted.

It is respectfully submitted that claims 26-42 are in full compliance with 35 USC section 112.

Claims 13-25 were rejected under 35 USC § 102 as being anticipated by King.

These rejections are respectfully traversed.

It is respectfully submitted that King does not disclose or suggest the presently claimed invention including the steps of determining if a XSD is present for the generated product and generating the option question based upon the XSD.

There is nothing in King to suggest the above mentioned steps.

The examiner alleges that King discloses the schema definition XSD.

Should the examiner persist in this rejection, clarification as to the location of XSD is requested.

In light of the above amendment, it is respectfully submitted that Claims 26-42 are patently distinct.

In light of the above, it is respectfully submitted that the present application is in condition for allowance, and notice to that effect is respectfully submitted.

While it is believed that the instant response places the application in condition for allowance, and should the Examiner have any further comments or suggestions, it is requested that the Examiner contact the undersigned in order to expeditiously resolve any outstanding issues.

If the Examiner should have any questions, Applicant's legal representative can be contacted at 214-893-8886.

Respectfully submitted;
